THOS. ROGERS & SONS NURSERIES

MAIL ORDER DEPARTMENT

Buy direct from growers and spend the difference for more stock.

GROWERS OF HARDY WESTERN NURSERY STOCK.

Over 125 acres of rich fertile Arkansas River Valley land devoted to the exclusive propagation and raising of nursery stock.

References: The First National Bank, or any business house in Winfield, Kansas

Transportation We have ample shipping facilities out of Winfield. The Santa Fe, Southern Kansas, Frisco, Missouri Pacific, railroads running several trains daily in all directions. The American Express Company carrying express over all lines. We can also ship by Midland Valley at Arkansas City, when shipments merit same.

Remittance Should be sent by postal or express money order, bank draft, or we will take your personal check if you prefer. Do not send currency, as it is unsafe.

Club Orders If a number of neighbors order together, we will tie each order separate, with the purchaser's name attached, and then pack all in one bale or box. We will pay transportation charges on such orders if the amount is over \$25.00, Forest Tree Seedlings, Ornamental and Shade Trees excepted. Persons sending in club orders will be given credit for ten per cent in trees, or any stock they wish for their trouble. If you get up the club be sure to mention your name.

Packing We have one of the most modern equipped packing and storage nursery plants in the middle west, and this fact assures you that your order will reach you in fine condition. Do not wait to send in your order. DO IT NOW, and be sure of getting just the varieties and sizes that you want. We will not ship out your order until weather conditions are favorable for planting in your locality. Our trees and plants are free from insects. Our nurseries have been inspected by our State Entomologist. A copy of the State Entomologist's Certificate of Inspection is attached to every shipment of nursery stock which we make. A copy of the Certificate of Inspection follows:

Non-Warranty In the event that any stock sold by us should prove untrue to name under which it is sold, we hereby agree on proper proof of such untruthfulness to name to replace to replace that portion of the order proven untrue to name or to refund the purchase price thereof. Except for such liability, and in respect to all nursery stock sold by us, we give no warranty, express or implied, as to description, growth, productiveness, or any other matter.

THOS. ROGERS & SONS NURSERIES

University of Kansas

June 13, 1924

No. A 1212. Certificate of Nursery Inspection. This is to certify that in accordance with Section 10401, of the General Statutes of 1915, the nursery stock now growing for sale by THOS. ROGERS & SONS of Winfield, Kansas, has been inspected by a duly authorized inspector, and found apparently free from dangerously injurious insects or plant diseases.

H. B. HUNGERFORD, State Entomologist

All Other Varieties

2-3'; 5 to 7-16" caliper	\$0.35	\$3.20	\$30.00
3-4'; 7 to 9-16" caliper	.60	5.50	53.00
4-5'; 9 to 11-16" caliper	.80	7.50	70.00
4-6'; 11-16" and up caliper	1.00	9.50	85.00

Our Cherries are budded on Mahaleb stocks, which is the best stock known. Will not sprout from the roots. We grade our trees by caliper, two inches above the collar of the tree. Where trees are graded by caliper and height, the caliper of the tree shall govern the grade. Caliper rather than height constitutes quality. Our long

experience in the development of orchards in Kansas and Oklahoma is that Early Richmond and Montmorency are the best "sour" varieties to plant. Kansas Duke is the only sweet cherry, in our experience, adapted to these two states. Compass Cherry Plum is the same price as cherry trees. It is everything that the description in our catalogue implies, as is witnessed by the hundreds of letters of testimonials from satisfied customers everywhere. Plant some Compass.

QUINCE AND NECTARINES

Quince, 4-5'; 9 to 11-16" caliper	\$1.25 each
Nectarines, 4-5'; 9 to 11-16" caliper	1.00 each

PLUM TREES

Edgington, 25c higher in all grades.

GRAPES

	Each	10	100	1000
Concord	\$0.12	\$1.00	\$7.50	\$60.00
Moore's Early	.20	1.50	12.00	100.00
Niagra	.20	1.50	12.00	100.00
Moore's Diamond	.25	2.00	15.00	125.00
Worden	.15	1.25	10.00	85.00
Agawam	.25	2.00	15.00	
CACO	.65	6.00	50.00	
Other varieties	.20	1.50	12.00	

Our Grape Vines are extra heavy, well rooted plants. Very thrifty; full of vitality. Do not confuse ours with light cheap vines offered by so many unreliable dealers. We grow our own stock and it must please you and prove satisfactory. We intend to be in business year after year at the same old place.

BLACKBERRY PLANTS

	Each	10	100	1,000
Early Harvest	\$0.10	\$0.75	\$3.50	\$25.00
Mersereau	.15	1.00	6.50	50.00
Ward	.15	1.00	6.50	50.00
Blowers	.15	1.00	6.50	50.00
All other varieties	.15	1.00	6.50	50.00

Our Blackberry Plants are root cutting plants propagated from select root cuttings. They are heavy No. 1 plants, with extra large roots full of vitality and life. Our plants will insure a quick growth and a berry crop 20 months after planting. You can buy a cheap light No. 2 grade, or sucker plants out of run-down berry patches, for less money, such as are offered to the unsuspecting public by many unscrupulous dealers, but we advise you to leave such stock alone. It is dear at any price. Pay a little more for A-No. 1 quality plants and big dividends from your blackberry patch will be yours within two years after setting.

After thoroughly testing out over 25 different varieties over a long period of years, during which the plants fruited several times, we unhesitatingly recommend the Early Harvest, Ward, Blowers, and Mersereau as the best varieties. These four varieties are far superior to all others.

But You Can't Get Better Trees.

DEWBERRY PLANTS

	Each	10	100	1,000
Lucretia	\$0.10	\$0.60	\$5.00	\$47.00
Austin10	.70	6.00	50.00
Thornless Dewberry20	1.50	6.50	50.00

The Thornless Dewberry is a late introduction which is giving good success wherever tried. We recommend it to you and suggest that you include a few of this variety in your order.

RASPBERRY—

2 Year Field Grown Transplants

	Each	10	100	1,000
WINFIELD	\$0.25	\$1.50	\$10.00
Cumberland10	.90	7.00	\$60.00
Black Pearl10	.90	7.00	60.00
Kansas10	.90	7.00	60.00
Plum Farmer10	.90	7.00	60.00
St. Regis Everbearing....	.25	1.50	10.00	75.00
Cuthbert (Red)15	1.00	8.50	70.00
Cardinal (Red)15	1.00	8.50	70.00
Columbian (Dk. Purple) ..	.15	1.00	8.50	70.00

Do not confuse our heavy RASPBERRY TRANSPLANTS with the light one year tips offered by many nurserymen at lower prices. We can sell you one year tips for much less money, but we prefer to sell you quality stock that will live and give you paying results within a short time after setting.

STRAWBERRY PLANTS

Strawberry plants are packed 25 in a bunch. We do not sell less than 25 of a variety. We do not dig our plants until ready to ship. This insures you fresh plants that are not dried out before shipment is made. We grow our own plants and they are the best that can be produced anywhere. Grown on new ground. Every plant has a large, vigorous root system. SENATOR DUNLAP stands the drought best and we recommend it as our best berry adaptable anywhere and under climatic conditions unfavorable to other varieties. If you live in the city and have plenty of water, or if your locality has sufficient rainfall, the everbearing varieties are excellent, particularly for home use. Try the CHAMPION, a late introduction.

	100	1,000
Standard varieties	\$1.00	\$ 7.00
Champion Everbearing	2.00	18.00
Other Everbearing varieties.....	1.50	15.00

RHUBARB

	Each	10	100	1000
Giant Winered	\$0.15	\$1.00	\$7.00	\$65.00

The Giant Winered variety is the kind that is

proving so successful and profitable to commercial gardeners. We have been growing this wonderful variety for our trade over a long period of years and thoroughly recommend it to our customers. The Giant Winered Rhubarb will not "seed" as it is propagated from divisioned plants. Every stalk is alike. All big and red in color throughout. We have seen stalks which weighed over a pound. Seedling Rhubarb offered by many concerns is very inferior, although they charge as much for it as we do for our improved variety. If you want quality and quantity write Giant Winered on your order. A home garden should have at least two dozen plants, because there is danger of the plants dying if picked to close the first two years.

ROSE BUSHES

	Each	Dozen
Monthly and Perpetuals	\$0.75	\$ 8.50
Climbers and Ramblers60	7.00
Climbing American Beauty.....	1.00	10.00

Our Roses are heavy two-year-old field grown plants. Will bloom the spring following planting. Our Monthly varieties will bloom abundantly from early June until late fall frosts. Very hardy, thrifty, and full of vitality. Plant a dozen of our delightful roses and have cut flowers all summer. We have the latest and best introductions as well as the old favorites. Plant deep, cut back tops, and mulch heavily in the fall to prevent winter killing.

CLIMBING VINES

Boston Ivy	\$0.75	each
American Ivy (Virginia Creeper).....	.50	each

PLANTS FOR HEDGES—PRIVETS

California Privet.....\$ 8.00 per 100
Amoor River North Privet..... 16.00 per 100
Extra heavy plants, each plant composed of several canes. Why plant small inferior privet and wait several years for a hedge. Our privet will make you a hedge this summer.

EVERGREENS

We are listing here only a part of our varieties of Evergreens. We find that these varieties do best for Kansas and Oklahoma. We grow other varieties and upon request we will be glad to write you of them and give you prices. Our Evergreens are specimen trees for yard or cemetery planting. Dwarf growers, near in their habits, and are very attractive. Each tree is dug with a large ball of mother earth on its roots and then this ball is burlapped, holding the dirt firmly about the roots. As the roots have not been disturbed, the trees will be sure to live after transplanting. Our Evergreens have been many times transplanted in the nursery row, giving the tree a vigorous fibrous root system.

ORNAMENTAL FLOWERING SHRUBS

The following shrubs are only a partial list of our offerings. If you don't see the varieties listed that you are particularly interested in, write us. We have them in stock. Our space is very limited and we cannot list everything. Our shrubs are extra large clumps, several years old, and in group formation they will give you an immediate effect this summer. Plant more flowering shrubs and make your home attractive.
